A Future For Small States

In recent years, small states (defined as countries that have a population of 1.5 million or less, or are members of the Small States Forum) have taken a collective stand in international fora to highlight the development challenges they face and urge more attention to their concerns.

World Bank Group Engagement with Small States: Taking Stock

The Games of the Small States of Europe (GSSE) is a biennial multi-sport event, launched by the Republic of San Marino, organized by and featuring the National Olympic Committees of nine European small states since 1985. The Games are held at the end of May or beginning of June and feature competition in nine Summer Olympic sports.

Petrochemicals are all around us. Plastic packaging for food and other commercial products can be made from a range of petrochemical products, including polyethylene and polystyrene. Globally, more than half of ammonia is converted to urea, which is in turn mainly used as a fertiliser used to increase crop yields and boost food production. Synthetic rubber is a major component of tires for ...
