1972 models for all markets got a modified centre console incorporating a hinged arm-rest with storage space underneath. There is a plastic peg attached to the lid, and a spring clip on the base, but the way they have been installed results in frequent breakages of the plastic peg unless you are very careful to align the peg in the slot in the clip before pressing down.

Body and Fittings - MGB Roadster and GT V8

BEST ANSWER: The new springs were almost an exact match to the original springs bracket and all so to begin with the hole pattern for the screws has to match - if the hole pattern doesn't match the spring set is not really the right one. Once you are sure the hole pattern is the same and the old bracket and spring is off, screw in the screws in the chair's bracket and next you need to put in ...

Seemingly completely out of the blue, my husband checked out of our marriage. Without going into very personal details, he was pretty darn certain about this decision and only wanted any debate to be who was getting what and how to do it as quickly as possible so that we could go our separate ways. We had no children at that time, but I was crushed, shocked, and despondent all the same.

How I Saved My Marriage

BEST ANSWER: This is a drilling jig not a router jig. While I am sure someone clever could possibly repurpose it I doubt it would be more efficient for the stated purpose. The drill is precise to the holes and makes the holes the size of available pins. To try to get a template guide/router bit ...
