About 28 million Americans are currently uninsured, and millions more could lose coverage under policy reforms proposed in Congress. At the same time, a growing number of policy leaders have called for going beyond the Patient Protection and Affordable Care Act to a single-payer national health insurance system that would cover every American.

Relationship of Health Insurance and Mortality | Annals of ...

Abstract. Community health workers have potential to enhance primary care access and quality, but remain underutilized. To provide guidance on their integration, we characterized roles and functions of community health workers in primary care through a literature review and synthesis.

The history of Kerala, India, dates back many millennia. Stone Age carvings in the Edakkal Caves feature pictorial writings believed to date to at least the Neolithic era around 5,000 BC, indicating the presence of a prehistoric civilisation or settlement in this region. From as early as 3000 BC, Chera nadu, currently known as Kerala had established itself as a major spice trade centre.

Non-interventionism is the diplomatic policy whereby a nation seeks to avoid alliances with other nations in order to avoid being drawn into wars not related to direct territorial self-defense, has had a long history among government and popular opinion in the United States. At times, the degree and nature of this policy was better known as isolationism, such as the period between the world wars.
